

University Book Club

The phenomenal true story of the black female mathematicians at NASA whose calculations helped fuel some of America's greatest achievements in space.

“Shetterly blends impressive research with an enormous amount of heart in telling these stories.”— Boston Globe

Winter break would be the perfect time to make time for a great book (soon to be a major motion picture!) – all are welcome to participate.

Books are available for checkout at the Cowles Library circulation desk on a first come, first serve basis. Read at your leisure and meet up with the other members of the Book Club on **Thursday, January 12**. We'll meet around **4:45 pm for Happy Hour at Gateway Market Cafe** (2002 Woodland Ave) to chat about the book.

Contact Sara Heijerman (sara.heijerman@drake.edu) if you are interested in participating or would like additional information.
