Drake employees can register their personal credit card with an Office Depot/OfficeMax retail store to receive a 5 or 10 percent discount off the regular retail price (promotions excluded).

Go to <https://business.officedepot.com/userprofile/registerPCard.do?billTold=75295904> to register your card. Enter your personal credit card number and click submit. No additional confirmation will be sent but the card will be linked to the Employee Purchase Program (EPP) account within 48 hours. When you visit an Office Depot/OfficeMax store, present the credit card you registered to receive the discount. When the card is swiped you will receive the discounted price or retail sale price – whichever is lowest. The credit card linked to the EPP account must be presented in order to receive the discount – even if you are paying with cash.
